

AMERICANS' LEAVING ALARMS MEXICANS

Senor Camacho, President of Senate, Urges New York Financier to Protest to Mr. Wilson Against Withdrawal of United States Citizens From Revolt-Stricken Republic — Declares That It Will Result in Tremendous Damage to That Country

UNITED STATES ADOPTS A WAITING POLICY

Strict Neutrality Will Be Enforced Along the Border — Strong Patrol Will Prevent Shipment of Arms to Either Rebels or Federals — Wilson and Bryan Leave Capital — Lind Remains at Vera Cruz and Will Act on His Own Discretion About Returning to Mexico City — Felix Diaz Reaches London and Announces His Candidacy for Presidency

New York, Aug. 26.—Senor Sabastian Camacho, president of the Mexican senate, has sent a telegram to James A. Scrums of New York, president of the Mexican Telegraph company, requesting him to protest to President Wilson against the withdrawal of American citizens from Mexico. The message, made public here today, declares that the American colony in Mexico "is satisfied and tranquil" and that "tremendous damages" will result from its withdrawal.

"There is great alarm here," reads the telegram, "over the American government's order for the withdrawal of all citizens of the United States residing here. You will understand that there is no reason for this order. The American colony of this republic is of the most numerous of those among us. In its totality, and with very few exceptions, it is satisfied and tranquil, dedicated to its work and attending to the necessities of its life, being respected and esteemed throughout the country. It would be seriously prejudiced in its welfare and its financial interests were it to abandon a country in which it is considered and esteemed and where it has acquired numerous and cordial relations.

"The present government of Mexico is a constitutional government, whose public powers in most parts have been in operation since 1910 and, in the senate, in the supreme court of justice, and in the public offices, in all parts, many of the public functionaries have been figuring first with the government headed by General Diaz, later with that of Mr. Madero. Very few exclusive privileges have been granted by the present government, which latter is advancing daily in the reestablishment of peace in the greater part of the national territory.

"The army now counts eighty thousand men with an armament and a command truly notable, through which it has triumphed and continues triumphing in the daily combats with the enemy, who are disappearing, or submitting to the legitimate authority of the republic.

"I do not doubt that the president of the United States and his truly just government will consult with the principal members of its colony here regarding the truth of what I say.

"The American colony, which reached 40,000 persons, I am sure, will suffer enormous damage to its interests and its well-being should its members violently abandon a country in which, I repeat, they are considered and esteemed on all sides.

"I beg that you will acquaint President Wilson with what I have stated, calling his illustrious attention to the tremendous damages which will result from his determination, for which in all loyalty, I state there is no reason and which undoubtedly has been dictated against the sentiments of justice, of right and of human consideration, not by the elevated sentiments of a man as distinguished as the present president of the United States, but through simple ignorance of what is actually transpiring in Mexico."

U. S. Will Play Waiting Policy. Washington, Aug. 26.—The Mexican situation was unchanged today. John Lind, President Wilson's personal envoy still was waiting at Vera Cruz and no advice of his plans had come to Washington.

Secretary Bryan, returning to town for a few hours from an over-night lecture tour, left again on another to return tomorrow. Secretary Tumulty left for a week-end with his family in Jersey. With President Wilson at the summer capital at Cornish, arrangements were made to transmit any important developments to him there.

Mr. Bryan, after receiving a message from Mr. Lind, declared the situation "unchanged." Mr. Lind still is acting on his own discretion about returning to Mexico City.

Indications pointed strongly to the view that the policy of the United States for the next few days will be a waiting one, while strict neutrality is enforced and Americans are urged to leave Mexico. Those who take that view, point to President Wilson's declaration to congress in his address that the "actual situation of the authorities in Mexico City will presently be revealed" and that "steady pres-

sure of moral force will before many days break down the barriers of pride and prejudice."

Diaz Announces Candidacy.

London, Aug. 26.—"I am now definitely a candidate for the presidency of Mexico," General Felix Diaz, who recently arrived from Canada, told The Associated Press this morning. "My friends in Mexico are working in my behalf," continued General Diaz. "Unfortunately at this distance I myself am unable to do much, but I am awaiting instructions which may simplify matters.

"Even if I am ordered to proceed to Japan, it is not certain that I shall go there. My action will depend on developments in Mexico." General Felix Diaz apparently is pleased with the course of events in Mexico. He said the contention that Victoriano Huerta's candidacy for the presidency was barred by the Mexican constitution was quite correct. He declared the fact that he was still an official representative of the Mexican government debarred him from discussing President Wilson's message or the Mexican replies.

SURPRISE IN THAW CASE

Court Grants Habeas Corpus Writ of Law for New York State — Will Have Prisoner in Court Next Tuesday—May Be Deported as Result of Move

Sherbrooke, Quebec, Aug. 26.—Harry K. Thaw will be produced in court here again on Tuesday morning next, on a writ of habeas corpus, obtained today in behalf of Chief of Police Boudreau of Cook County, who arrested him after his flight from Matteawan. Superior Judge Hutchinson granted the writ on the application of Samuel Jacobs, chief counsel for the New York state interests. It was an eleventh hour move taken to defeat Thaw's lawyers, who have succeeded in keeping him in jail, safe from the immigration authorities. Those of the Thaw lawyers who were in town, Charles D. White and Harry Fraser, bitterly opposed the application but Judge Hutchinson said he would thresh the matter out in open court at 10 a. m. Tuesday.

Thaw was ignorant of today's developments. His lawyers even did not learn of it until a report of the contemplated move, sent out last night, was telegraphed back from Montreal. His chief lawyer, R. N. Greensfield, immediately chartered a special train at Montreal in the hope of checking the proceedings. The writ had been issued, however, before his arrival.

Boudreau asked for the writ on the grounds that as the original captor of Thaw, he might be liable to damages should Thaw's arrest prove illegal.

W. T. Jerome, who worked out this latest attack, was jubilant. He hopes that the writ will be sustained and that on Tuesday Thaw will be in the hands of the department of immigration for deportation to Vermont.

BULLET WOUND BOTHERS GAYNOR

New York, Aug. 26.—The bullet wound which Mayor Gaynor sustained just three years ago this month, when an attempt was made upon his life, still causes him serious trouble, which has detained him at his Long Island home for the last two days. In response to a friend's inquiry as to his health the mayor described his trouble as a "fish hook" in his throat. In one of his characteristic letters he said:

"My right lung, pneumogastric nerve and stomach have again taken it into their heads that by combined and violent effort they could succeed in casting this 'fish hook' out of my throat, which bullet lodged there. But, as in their former occasions, after several attempts they succeeded in casting everything out except the

KING MUST GO BACK TO HIS FOLLY

Sheriff R. G. Lyon of Rio Blanco county, Colorado, arrived in Ogden this morning with requisition papers for J. B. King, alias J. E. Markham, alias J. B. Jordan, whom he will take back to Meeker to answer the charge of obtaining money under false pretenses. The sheriff will depart with his prisoner this evening or tomorrow morning.

The charge against King is that he purchased under false pretenses of J. W. C. Shepherd of Meeker one stag and one sulky plow, a shotgun, four boxes of gun shells, a box of Colt's pistol cartridges and a razor strap, valued at \$150. He is alleged to have given a worthless check in payment for the articles.

It will be recalled that about two weeks ago King appeared in Ogden, secured quarters at the Reed hotel, hired livery rigs and automobiles, bought maling stock and automobiles, attempted to swindle the people of Ogden and Salt Lake, but failed to receive anything of cash value. He did not pay his hotel bill nor did he put up anything for livery hire, but he had a lively time and was accompanied to Salt Lake on the last auto trip by a woman. He was apprehended by the sheriff and has been held in jail since that time, awaiting the Colorado officers.

Sheriff Lyon states that King was not at Meeker a great while, but that during his sojourn he attempted a number of shady transactions, among them being the one upon which he is charged with fraud. In Meeker he went by the name of King and he claimed that he was a wealthy business man of Buffalo. He stated that he had recently lost his wife in death and that he was unsettled. He was looking for good investments and he made a deal with a well-to-do ranchman of Meeker for the purchase of his ranch, giving him a draft on a Buffalo bank for \$19,500. The draft to the property was made out to King before it was discovered that the draft was worthless. However, no criminal action was taken against the man for this transaction. King made himself a good fellow in Meeker and no one cared to prosecute him.

King served time in the Colorado penitentiary for fraud, committed at Glenwood Springs.
